ALLIES' WARNING DELAYS TREATY

Bulgaria Notified by Entente to Defer Action.

"WILLFULLY UNFRIENDLY ACT"

Advance of Teutonic Forces in Czar's Domain Continues According to Report From Berlin—Heavy Fighting in Dardanelles.

Berlin, Aug. 30.—The Overseas agency says that Bulgaria, previously reported to have signed a treaty with Turkey, has postponed ratification of the agreement on account of a sharp warning from the entente allies.

"According to Sofia reports," the news agency says, "Bulgaria has postponed for several days the signing of the treaty with Turkey, the quadruple entente having notified her that such action at the present time would be regarded as a willfully unfriendly act. Nevertheless, there was an incomplete agreement."

London, Aug. 30.—There are no signs yet of any slackening of the German pursuit of the retiring Russians and, according to the official report issued in Berlin, progress has been made in all sectors of the eastern battle line, except that in Northern Courland, where the armies of Grand Duke Nicholas are offering stubborn resistance.

From the southeast of Kovno, where the Germans claim to have broken the Russian resistance, and must, therefore, be approaching Vilna, along the Niemen to Grodno and thence southeastward through the forest of Blelovezh and along the borders of the Pripyat river marshes, the Russians are falling back to new positions.

Speculate on German Move.

Speculation again is being indulged in as to whether the Germans intend to follow the Russians further or prepare positions from which they can hold the Muscovites, while the Teutons attempt an offensive in the Balkans or on the western line in France and Belgium.

Military observers here are of the opinion that this question must be settled before many days have elapsed, arguing that with the summer coming to an end any ventures proposed for the fall must soon commence to develop.

Thus far the Germans have made no move toward a great offensive in the west and the threatened Austrian attack against Serbia has consisted mainly of long distance artillery engagements.

It is being vaguely hinted here that mid-October has been chosen as the time for the long-postponed "big push" of the allies, but the point at which an attack is to take place is not being mentioned. The general public does not expect a strong offensive movement as yet, but in some circles there would be no surprise should General Joffre, the French commander-in-chief, find it possible to attempt some kind of a forward movement before mid-October.

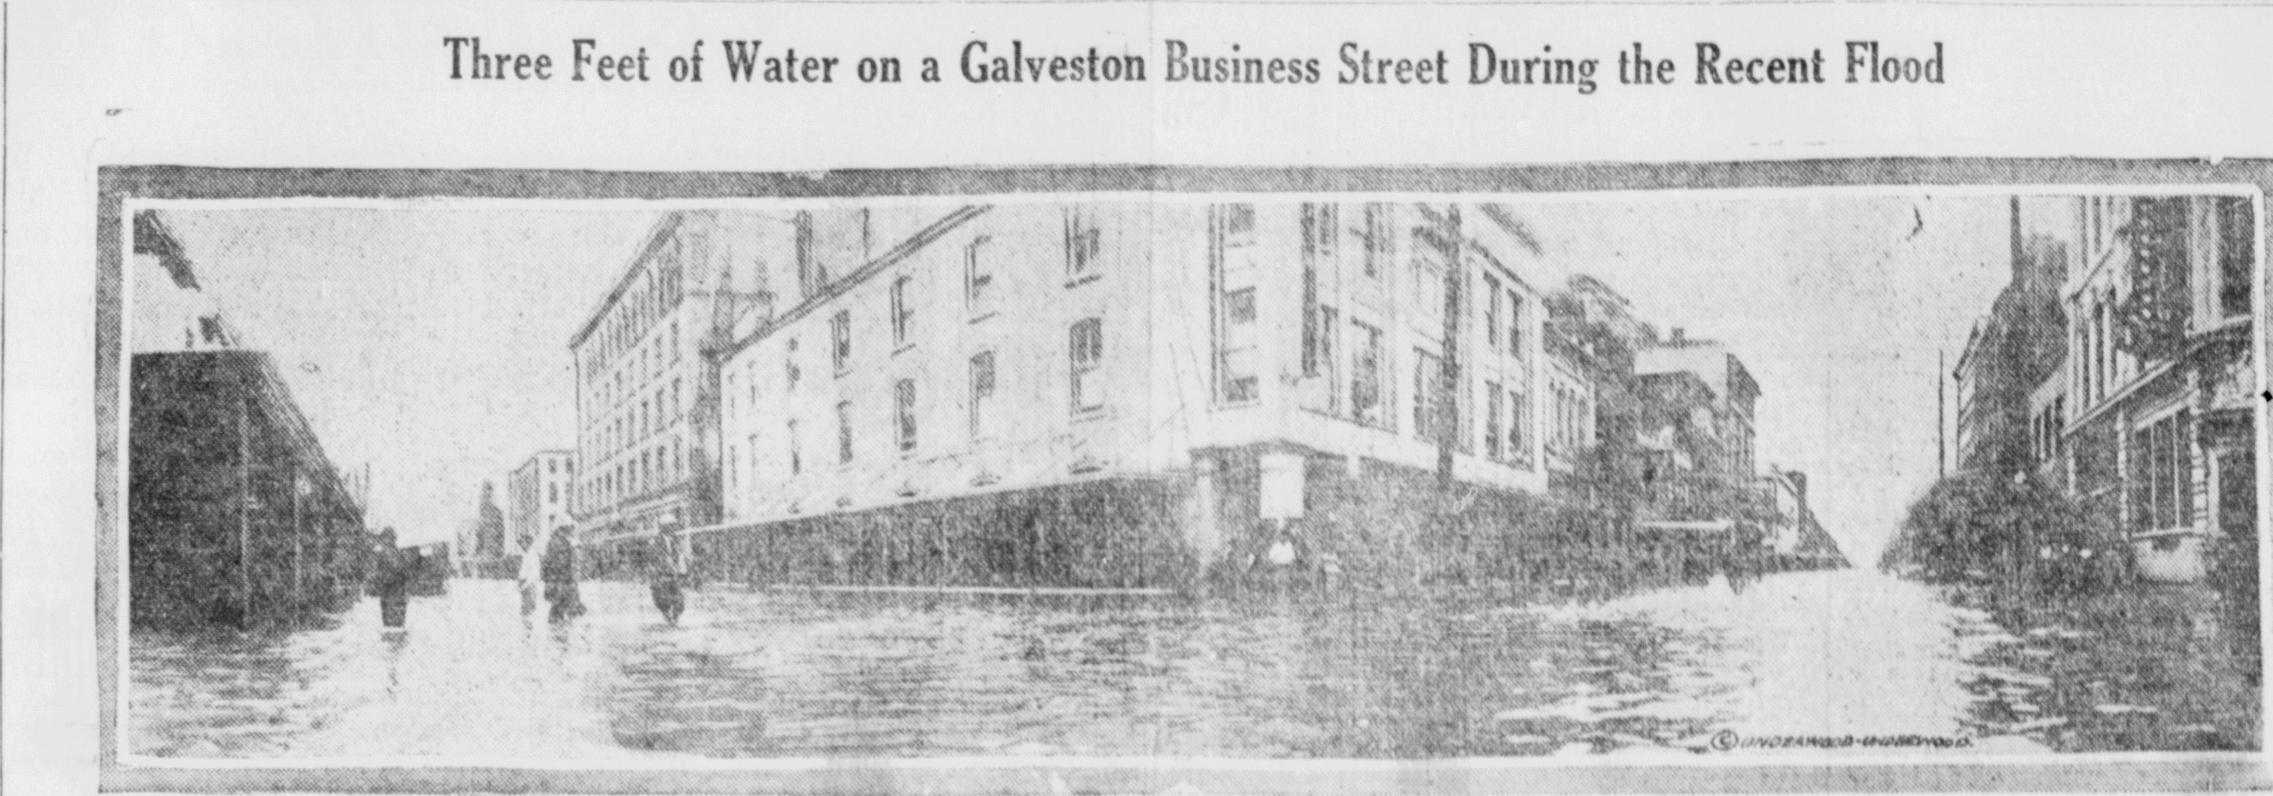

Fighting in Dardanelles.

There has been more heavy fighting on the Gallipoli peninsula, according to the Turkish official report. This claims that the allies suffered heavily in series of attacks attempted by them last Friday. Neither the Paris nor London war office has made any mention of these engagements.

From the east of Vladimir-Volynsky, in Russia, near the Galician frontier, down to the Zlota Lipa river in Eastern Galicia, Vienna asserts that the Austrians have broken the resistance of the Russians over a front of 124 miles, and that the Russians are in retreat and applying the torch to villages as they fall back.

REMOVAL OF RUSSIAN MINISTER RUMORED.

Moscow, Russia, Aug. 30.—After conferences held by business men and representatives of public bodies in Moscow, a resolution was adopted declaring lack of co-ordination between the Russian cabinet ministers and the uncertain course of the government were hindering the efforts of the munition producers and that the ministry should be reorganized under the guidance of an energetic premier. The newspapers intimate that the appointment of M. Krivoshein, the minister of agriculture, to succeed Jean L. Goremeykin as prime minister, is imminent.

Three Feet of Water on a Galveston Business Street During the Recent Flood

GEORGE E. FOSTER.

Acting Premier Tells of Canada's Contribution to the War.

One hundred and fifty thousand

This photograph shows something of what the flood did to Galveston when the waves broke over the costly sea wall of the city. The scene is at Twenty-second and Market streets,

LATEST WAR NEWS

SHOULD ADJUST DIFFERENCES

(By United Press)

Berlin, Aug. 30—Grand Admiral Von Tirpitz, creator of the submarine policy, believes with Chancellor Bethmann-Hollweg and Foreign Secretary Von Jagow, that they should adjust all differences, however reticent they are about disavowing the attack on the Arabic.

Germany's view: first—Germany wishes the American government to consider the informal representations already made as sufficient until the official report is received.

Second—that the German disavowal of the attack on the Arabic will be decided when the official report is received.

TRENCHES ARE EXPLODED

(By United Press)

Paris, Aug. 30—An official bulletin issued by the French war department says whole sections of the German trenches were exploded following a concentrated French attack and with the aid of exploding mines. The damage is the most severe at Court Chausses where heavy damage was done by hand grenades.

FORM COALITION CABINET

(By United Press)

Petrograd, Aug. 30—During a meeting at Moscow it was urged that a coalition cabinet be formed to direct Russia for the remainder of the war. The Duma members and representatives leaders organized the meeting. Resolutions were adopted to continue the war regardless of the cost.

Firm, Energetic protest Against Interference

(By United Press)

Washington, August 30—While awaiting Germany's submarine note, President Wilson is overhauling the note to England. When first written it concerned the order in council in which cotton was declared contraband. It was rewritten and Germany promised concessions, and now as rewritten it is believed to be finally completed. It will be a firm, energetic protest against British interference and if not sufficient another note will be sent similar to the German note, which was deliberately unfriendly in effect, and warned the people not to expect too open a disavowal from Germany this time.

MOB OUTWITTED BY SHERIFF

Negro to Be Tried on Murder Charge Spirited From Jail.

Murphysboro, Ill., Aug. 30.—A mob of several hundred who surrounded the Harrisburg, Ill., jail intent on lynching Joe Deberry, a negro who will be tried for the murder of a white woman here, was outwitted by a sheriff's party.

Deberry was smuggled out of the Harrisburg jail and under the protection of three companies of Illinois State militia was brought here and placed in the local jail.

Coal Miners Strike General

(By United Press)

London, Aug. 30—It is probable that a general strike of 200,000 South Wales coal miners is admitted by the

Des Moines, Iowa, Aug. 30—Grave fears are entertained for the Iowa corn crop on account of frost at various northern points last night. A month of warm weather is necessary to mature the crop here. Thirty above was reported.

Galesburg, Ill., Aug. 30—Frost in several sections did much damage and fears are felt for the corn crop.

Iowa Corn Crop Hit Hard by Frost

(By United Press)

SCOTT TO MEET WITH LANSING

Army Chief Will Report on His Mission.

CARRANZA'S REPLY ON WAY

Agents of Mexican Leader Say Message Awaited by A. B. C. Will Arrive Shortly—Federal Officers Allege Plot in Arizona Contemplated Invasion From United States.

Washington, Aug. 30.—General Hugh L. Scott, chief of staff of the army, returned to Washington from the Mexican border, where he has been doing special work for the state department in furtherance of the Pan-American peace plans. He would not comment on the results of his mission which he will discuss with Secretary Lansing.

General Scott's first task was to confer with General Villa and settle difficulties arising from the seizure of property of foreign merchants at Chihuahua. The general also discussed with Villa the Pan-American convention proposals, which Villa and his followers have accepted.

The Pan-American conference will not meet until Carranza's reply to the appeal for a convention in neutralized territory has been received. Carranza's agents say the reply will arrive shortly.

KILL 47 BANDITS AND SEEK 15 IN THE GRUSH

Brownsville, Tex., Aug. 30.—Authentic reports were received by county officers here that forty-seven of the Mexican bandits who took part in the attack on the Narros ranch, sixty-four miles north of Brownsville, Aug. 8, have been killed by American posse and officers, and that the others, probably fifteen, are still at large in the brush.

A private letter received here said Mexicans were crossing the Rio Grande into Starr county and proceeding for some point in the hills. Starr county is eighty miles west of Brownsville.

ZAPATA'S REPLY FAVORS THE A. B. C. PEACE PLAN

Mexico City, Aug. 30.—General Emiliano Zapata has made a favorable reply to the note recently sent by the Pan-American conference to all Mexican leaders.

J. W. Russell and Frank Azzis, the messengers sent with the note to General Zapata, arrived here carrying his answer, and also favorable replies from Generals Manuel Palafax, Francisco Chazaro, Pacheco and Lazo.

ALLEGED PLOT TO INVADE MEXICO FROM ARIZONA.

Douglas, Ariz., Aug. 30.—United States officials here say they have discovered a plot, believed to have been fomented by Villa agents here, to cross the international boundary line and capture Agua Prieta, defended by only a small Carranza garrison.

The names of several well-known Americans and Mexicans here are mentioned as having been approached with a proposition to lead or take part in the alleged expedition.

The government officers say they have sufficient evidence to arrest the alleged leaders and secure convictions of violation of neutrality should an attempt be made to carry out the plot.

FEDERAL AID TO BE SOUGHT

Government Will Be Asked to Help Galveston.

Galveston, Tex., Aug. 30.—Federal aid in the rebuilding of the Galveston causeway, wrecked by the recent hurricane, will be asked of the next session of congress, it was announced here by Congressman A. W. Gregg of Palestine, Tex. He said he also would seek government assistance to strengthen other storm protections here.

In the two weeks since the hurricane conditions in the city have been restored to almost normal.

FEDERAL OFFICIAL KILLED

Inspector of Boilers at Seattle Is Victim of Auto Accident.

Seattle, Wash., Aug. 30.—Captain Robert A. Turner, federal inspector of boilers here, was killed, and Mrs. Turner and two friends, Mrs. Hattie Adams and Miss Catherine Fesch, both of Seattle, were injured, the two latter seriously, when Captain Turner lost control of his automobile on a steep hill near Sultan, Wash.

Mrs. Adams was reported to be suffering from concussion of the brain and internal injuries. Miss Fesch's thigh and jaw were broken.

GENERAL SCOTT.

Will Report to Lansing on Results of Mexican Trip.

Wilson and House on Friendly Terms

(By United Press)

Washington, August 30—"Non-sense," was the way the White House answered the widely circulated reports that the friendship between President Wilson and Colonel House had been broken. Secretary Tumulty said their relations were the most cordial, and any assumption to the contrary was wrong. The circulated report followed the championing of the recognition of General Carranza by Colonel House.

Manchester-by-the-Sea, Aug. 30—"Interesting if true," is the only comment made by Col. House when the report of the break was brought to his attention.

Washington, Aug. 30—A written statement from the White House says that reported break between President Wilson and Colonel House is simply rot.

Caperton Reports Hayti Disorders

(By United Press)

Washington, Aug. 30—Admiral Caperton, at Hayti, has reported some disorder since Saturday night but the disturbance has been quieted. The gunboat Marletta arrived at Guantanamo for coal, and proceeded to Santo Domingo.

Men and Horses Killed in Wreck

(By United Press)

Barnesville, Minn., Aug. 30—A carload of horses with two tenders were sidetracked here, and the motion released the brakes and let them onto the main track, and they crashed into a passenger train and thirty horses and the tenders were killed.

Automobile Magnate Private in Ranks

(By United Press)

Chicago, Aug. 30—Henry Ford, the automobile magnate, is a private in the ranks at the Fort Sheridan military camp for business men. His application was accepted along with many others.

SCORE INJURED IN COLLISION

"L" Train Runs Into Interurban in Chicago Suburb.

Chicago, Aug. 30—More than a score of persons were injured and about 200 severely shaken when a train on the Metropolitan Elevated railroad ran into the rear of an Aurora, Elgin & Chicago railroad train standing at station in Oak Park. The rear car of the standing train was partly telescoped. The tracks at the place where the accident took place are not elevated and are used by both roads.

Lois Wohl was in the city Saturday from her farm and paid the Dispatch a call. Mr. Wohl is recovering from an injury he received some time ago at which time he suffered a broken leg. He desires the Dispatch to extend his heartfelt thanks to his neighbors and friends for their many kindnesses extended during the time he was laid up.

Relatives of the late James Bain, of Seattle, Wash., were in the city today and interred his remains beside that of his wife, Mrs. James Bain and son Wallace. Mr. Bain died August 13 in Seattle, Wash., and the body was cremated and the ashes brought to Brainerd for burial. Accompanying the oldest daughter, Mrs. Flora Furman of Seattle, was the youngest daughter, Mrs. C. R. Stiner, of New York Mills, her husband, Mr. Stiner and two granddaughters of the deceased, the Misses Thora and Sarah Stiner, of New York Mills. In the early days of Brainerd Wallace Bain was associated with C. D. Johnson in the drug business under the firm name of Johnson & Bain.

The fire department has repainted the old truck, now forty years old, on which are carried the ladders and which can now be attached as a trailer to the motor fire truck. John Mutch says the wooden truck is as good as the day it was built. It is made of hickory and maple and the wheels are solid. The boys have painted the truck a bright red color.

A good way to save money is to put it where you can't get it. A First Mortgage of the Security National Loan Company will give you 7% interest. 67tf

General Manager Wilbur Van Evera, of the Hill Crest mine, mentions an occurrence at the Virginia Gun club shoot which caused a thrill to pass through every hunter. They were all at the traps, guns in hand, some forty, when a big bunch of ducks passed right overhead, all easy marks. There was a hush and some bad shooting at clay pigeons as the ducks passed right overhead, all easy marks.

HORSES BURNED IN BARN FIRE

Large Barn of Maurice LeMoine Newly Acquired, Located Near Ball Park, Destroyed

HAY, OATS AND HARNESS LOST
Halter of Third Horse Burned from Stall, Permitting the Animal to Escape Flames

Two horses of John Gillespie perished last night in the burning barn owned by Maurice LeMoine and situated on the river bank near the old ball park. A third horse's halter was burned, permitting the animal to escape.

Hay, oats, harnesses and a buggy fell a prey to the flames. The fire department made a quick run to the scene and worked strenuously to check the blaze. There was no insurance on the barn, a large structure with stone foundations and of a most substantial nature. Mr. LeMoine had but lately bought the property and was engaged in painting and otherwise improving the same.

ROAD ORDERED SOLD

Judge Morris Orders the Hill City Line Sold by Auction at St. Paul Within Ten Days

A Duluth telegram says:—The property of the Mississippi, Hill City & Western railway today was ordered sold at auction on the Capitol steps in St. Paul within ten days, by Federal Judge Page Morris. He named Ira G. Briggs special master to conduct the auction. The court stipulated that no offer less than \$100,000 should be accepted.

The company operates a line from the Mississippi landing in Aitkin county to Hill City, the same county. Creditors who claim \$85,000 on mortgages, promissory and trust notes, forced the action. The railroad is given the ten days in which to pay.

FARGO SEES THE NECESSITY

War Will be Made on Mail Order Houses by the Retail Merchants

—Advertising Home Goods

Fargo, N. D., Aug. 30.—A war on mail order houses will be declared by retail merchants of Fargo for the purpose of bringing trade to Fargo from the surrounding country that now goes to the catalogue concerns in the large cities.

At a meeting of the members of the Retail Merchants' association plans were discussed as a means of accomplishing the object the dealers have in view. While the plans are so far only tentative, a meeting will be called soon to complete arrangements for the campaign.

One plan discussed was the issuing of a catalogue giving the specifications of goods handled by the local dealers and the general distribution of these catalogues through the surrounding country and smaller towns in this vicinity. All the dealers intend to combine, each to bear his portion of the expenses.

Surprise Party

A pleasant surprise was given Saturday evening at the home of Mr. and Mrs. John B. Gardner, 503 Second Avenue Northeast in honor of their guests, Mr. and Mrs. John Allen and son of Bridgeport, Conn.

Five tables of "500" were played. Prizes were awarded, the ladies first prize going to Mrs. James MacPherson and the head prize for gentlemen to James MacPherson. Mrs. Milo Bedal and F. W. Sleeper took home the consolation prizes. A luncheon was served at midnight. Mr. and Mrs. Allen left Sunday for their homes after a week's pleasant visit.

SOFT DRINK PARLOR RAIDED

Indian Agents Visit P. E. McCabe's Place on Saturday Afternoon and Destroy

BITTERS, NON-ALCOHOLIC BEER
Story of the Proprietor P. E. McCabe is Given as to How His House was Searched

Chief Special Indian Agent H. A. Larson and Deputy J. P. Brandt raided the soft drink establishment of P. E. McCabe at the northeast corner of Front and Fifth streets in the business district Saturday afternoon at 4:30 o'clock and destroyed eight bottles of Lashers bitters and three bottles of Angostura.

Deputy Brandt, says McCabe, sampled non-alcoholic beer and said there seemed too much life in it and forty-three bottles of this advertised non-alcoholic drink were destroyed. Some of the bottles, said McCabe, were on ice and the labels had washed off.

The house was searched and McCabe was ordered to open doors. McCabe claims his wife's living room was entered the deputies using their own keys, and that a quart of liquor on a government seal was destroyed.

The Indian deputies and Chief of Police Henry Squires entered the house by a side door, said Mr. McCabe. The Indian agents could not be found shortly after the occurrence to get their side of the story.

LARGE FARM SOLD

Dawes Farm Land Agency Sells the Bressler Place of 320 Acres to Charles Barr of Illinois

The Dawes Farm Land Agency has sold the Bressler farm, known also as the Richards farm three and a half miles southeast of Brainerd, to Charles Barr of Illinois. In the tract are 320 acres and this is considered an extra finely improved half section. It commanded a good price.

Mr. Barr has a son who is taking a full course in the Minnesota Agricultural College and when his term is completed will superintend the farm.

TO NEW POSITION

Gerald Wright, of Farmers Produce Co., to Become Manager Creamery at Williston

Gerald Wright, who has been employed as ice cream maker at the Farmers Produce Company, has accepted a position as manager of the creamery and ice cream business of a creamery at Williston, N. D., and will be at his new post about September 1.

Mr. Wright comes from Pillager and has been working for the local company since March 1, giving excellent satisfaction. The Brainerd Produce Co. manufactures ice cream by machinery, 300 gallons a day, which is shipped to Deerwood, Crosby, Iron-ton, Pillager, Fort Ripley, Pequot, Pine River, Hubert, Jenkins, International Falls, Walker, etc.

The special machinery installed to manufacture ice cream is the only of its kind in central Minnesota, excepting Little Falls and Wadena.

Painting

Parties desiring painting and graining, stencil work or anything in the painting line, write or call on Hance Erickson, 316 10th Street No. 7513P.

Not Guilty.

Rural Constable—Now, then, come out o' that. Bathing's not allowed, 'ere after 8 a.m. The Face in the Water—Excuse me, sergeant, but I'm not bathing. I'm only drowning.—London Punch.

AITKIN 4,

BRAINERD 2

Aitkin Masses its Artillery Fire in the Sixth Inning and Defeats Brainerd Sunday

TALBOT THE AITKIN PITCHER

Both Teams Broke Badly at Times and it was Anybody's Game up to the Sixth Inning

Massing its artillery fire in the sixth inning, Aitkin drew two hits and four runs off Victor and had the game won right there on Sunday afternoon. Both teams broke badly at times, Brainerd in the sixth before Victor retired and was succeeded by Bowman who checked the run-getting, and Aitkin, in the fourth inning when Wade and Metzger tangled up in base running and both held down third base.

Cook was not in the lineup and his handy bat was therefore not in evidence. There were times when Brainerd flew about with seemingly no one to direct things. For example, in the sixth inning a short liner whirled past Victor, who let it go and Erickson therefore was slow in fielding it and the runner was safe on first.

Victor in five and a half innings struck out 2 and allowed 3 hits. Bowman finished, allowing no hits and striking out 6. Talbot was pounded for 3 hits by Brainerd in the fourth inning. He struck out 10.

The score by innings:

r h e
Aitkin . . 0 0 0 0 4 0 0 0 — 4 3 1
Brnd. 0 0 1 1 0 0 0 0 — 2 4 2

In the fourth inning Tanner hit near third. Templeton scored a hit but was later caught off third. Tanner scored and won the box of Tampa Sweeps donated by the Brainerd Grocery Co. for the first Brainerd run across the plate. Benda got a two-bagger and Bush bunted, but both died on bases when Bowman struck out and Shello flew to first base.

In the fifth Aitkin's shortstop, Wade, made an error and Swede Erickson made first. He made a brilliant slide to second. Victor struck out, Swede going to second on the hit and run play. Tanner hit over second and brought in Swede, who drove down the path and made home by a foot. Templeton flew to third.

Brainerd played foolish ball in the sixth, for two of Aitkin's runs were only possible through poor judgment on the part of the locals. McMonagle hit the ball near shortstop and started the scoring. L. Petrborg got a base on balls. Wade hit a high one and Sig Shello made a brilliant running catch and drew a big hand of applause. Metzger sailed up another fly which Sig scooped up again. Talbot hit over second and scored both runners. Talbot died at bat which looked like a wagon tongue and seemed to be that length. Scanlon also hopped across. Scott struck out. Total damage, 4 runs and the game won by Aitkin.

DENIES DEATH REPORT

Little Falls Man Says he Was Not Killed in Great Northern Freight Wreck at Barnesville

Like Mark Twain, Frank Lyons, of Little Falls, can say that the news of his death was grossly exaggerated. Little Falls and Brainerd were excited this morning over the report that Mr. Lyons had been killed in a freight wreck on the Great Northern near Barnesville.

FRANK LYONS

Attorney W. W. Bane, of this city, wired Mr. Lyons and the latter emphatically denied that he had passed away.

Headquarters at Staples

A Fargo telegram says:—Twenty-five officials of the Northern Pacific railway tonight gave a farewell banquet to F. R. Bartles, former superintendent of the Fargo division who has been transferred to the Minnesota division with headquarters at Staples.

Total damage, 4 runs and the game won by Aitkin.

The show room, on the first floor of the Liberal Arts building, will be beautifully decorated. It is being decorated to appear like a Japanese Tea Garden. The walls are being covered with a series of Japanese paintings. A system of indirect lighting is being installed, the lights being dimmed by large bamboo parasols hanging from the ceiling. The many large concrete pillars supporting the roof are being draped in bunting. An arch way covered with roses and smilax will lead from the auto room to the second floor of the building.

Finding that pictures were cutting into his business, Mr. Warwick decided to "cut" into the pictures and joined a Chicago film producing company in the capacity of leading man, scenario writer, director, and later joined forces with the World Films.

THREE PLANTS RAZED BY BLASTS

American Powder Company Mill
at Ashton, Mass., Blown Up.

PLOT TO CRIPPLE FACTORY

Du Pont Factory at Wilmington, Del.,
and Another Plant at Baltimore
Damaged by Explosives—Two Cas-
ualties Reported.

Acton, Mass., Aug. 30.—With a shock that was felt within a radius of forty miles, the glazing mill of the American Power company, which, since the outbreak of the European war has been working to its capacity, was blown up. So far as known no one was killed.

The actual money loss to the company was not heavy, but it is said that work on large orders probably will be held up for several weeks. Property owners in the surrounding towns, particularly in Maynard, were heavy losers because of the shattered windows.

Plot, Police Theory.

The mill had been closed down since Saturday afternoon and the police expressed the belief that the explosion had been caused with intent to cripple the plant.

An official of the company said that it will take several weeks to install new machinery and that until this is done work will be at a standstill.

HEAVY DAMAGE DONE TO DUPONT PROPERTY

Wilmington, Del., Aug. 30.—Two workmen were killed instantly and considerable damage was done to property by an explosion of two black powder mills of the Du Pont Powder company near here. The victims are Lawrence Cunningham and Hugh Leslie.

The reports were terrific, being heard more than a dozen miles away. Hundreds of windows in houses were broken. Several hundred pounds of powder exploded, destroying the mills. The first to go was a fuse mill. This set off second plant.

Portions of the body of one of the victims were found in a tree on the opposite side of Brandywine creek.

The cause of the explosion has not been determined. Officials say it probably was due to a spark or grit in the powder.

READY TO MAKE SHRAPNEL CASINGS; FIRE IN PLANT.

Baltimore, Md., Aug. 30.—The plant of the E. J. Codd company, machinists at Canton, a suburb, was damaged by fire of mysterious origin. The company recently obtained a subcontract for the manufacture of shrapnel casings, and the shops were being refitted for the work. It is feared that a considerable part of the machinery was damaged.

HEFFRON IS NEARING CRISIS

Condition Better, But Danger Point Not Passed.

Winona, Minn., Aug. 30.—After Dr. W. J. Mayo of Rochester had spent several hours at the diocesan residence a bulletin was issued by Dr. H. F. McCaughey, physician in charge, that the Right Rev. Patrick Heffron's condition continues to improve. Bishop Heffron was shot twice Friday by Father Lesches, who had been overcome by an insane fit after being refused a parish.

The crisis has not been passed the physicians say, but there have been no favorable developments. Septic poisoning still is possible. The two bullets from the revolver still are in the bishop's body, one close to the skin in the thigh and the other probably in the wall of the perforated lung. The lead can be taken from the leg at any time, it is asserted, but it is unlikely that the bullet in the lung ever will be disturbed.

JAPS SEIZE PACIFIC TRADE

Toyo Kisen Kaisha Will Have Six
Steamers in Business.

San Francisco, Aug. 30.—The Toyo Kisen Walsh, which, with the retirement of the Pacific Mail Steamship company, becomes the only steamship line carrying passengers between this port and the Orient, will seize the opportunity for expansion offered by the sale of the rival carriers to the Atlantic Transport company.

A statement to this effect was made here by Soichiro Asano, president of the Japanese line. The Japanese company has already purchased one liner to enlarge the fleet. Two or more new steamers will be built.

Forgeries Laid to Bankers.

St. Louis, Aug. 30.—A man said by detectives to be J. W. Barnhardt, a sixty-four-year-old wealthy bank director of Forest City, Ark., was arrested here on warrants charging him with forgery and attempted murder, issued at Waukesha, Wis.

The prisoner has admitted he is Barnhardt and has confessed to forgeries extending over a period of thirty-two years, detectives say.

EVACUATION OF BREST LITOVSK

By J. W. T. Mason, for United Press

The evacuation of Brest Litovsk this week by the Russians changes the direction of the fighting in the eastern war area and converges all of it toward Petrograd.

The Grand Duke Nicholas is directing the retreat from Brest Litovsk toward the Russian capital with the apparent purpose of shortening his battlefield. The long lines which the Slavs have had to defend since the Teutonic drive began have largely contributed to Russia's accumulation of disasters. The present retirement is along an oblique line, with Minsk as the immediate objective. Here a union is expected to be made with the Russians based on Vilna.

Concentration toward the Vilna-Minsk line is being made by the Germans as well as the Russians, and the first struggle for the possession of Petrograd will probably take place here—400 miles from the Russian capital. The week's developments in the eastern war area all suggest that the Russians are counting on holding the Vilna-Minsk line, if they are allowed to complete their concentration. The entire situation along the Russian front is rapidly developing to the point where Von Hindenburg's northern army must make a decisive move forward, or must confess to another deadlock.

At the end of the week the Teutons resumed their offensive in eastern Galicia, which was suspended when the operations against Warsaw began. A strip of Galician territory, extending at its widest point about 50 miles from the Russian border, continues to be in possession of the Slavs. Both the Teutonic and Russian forces in this district are isolated from the main battlefield, and each has been too weak hitherto to attempt an offensive. The Austro-Germans, however, are probably concentrating new troops in southwestern Galicia to overawe Romania and prevent that country from joining the Allies. This army may be the one which is now being used to expel the Russians wholly from Galicia, and incidentally to move the battlefield nearer to the Rumanian boundary.

Reports have been continuous throughout the week that Serbia has agreed to cede to Bulgaria enough territory to draw the Bulgarians into the war. But no official confirmation has been forthcoming, and the longer the Serbians resist the pressure of the Allies the more embolden will they become to give in the end a definite refusal to Bulgaria's demands.

Italy's declaration of war against the Turks was reported to have been followed by the departure of an expedition to the Levant. No word, however, has been received of the arrival of this force. It is probable the troops have not been sent to Turkey at all, but rather are disembarking in Tripoli to protect Italy's new colony. It would be dangerous for Italy to send troops to the Dardanelles or Smyrna without first strengthening herself against the Mohammedans in Tripoli.

Sir Edward Grey, the British foreign minister, announced this week that Germany's demand for freedom of the seas is a negotiable matter. Although he linked the proposal with suggestions for limitation of armament, the very fact that the subject was admitted to be an open one is a step toward peace. Sir Edward asserted there could be no peace as long as Germany is fighting for "supremacy and tribute." A denial that these are Germany's aims could now, perhaps, be followed by informal negotiations for an armistice.

RAILROADS HIT BY AUTOMOBILES

Passenger Revenue Cut as Mo-
torcars Grow In Popularity.

FREIGHT INCREASES GREATLY

Income Is Thus Kept at the Same
Level—Rich People Who Used to
Leave Cities For Week Ends by Rail
Now Go In Their Machines and Save
Car Fare.

By ARTHUR W. DUNN.

Washington, Aug. 30.—[Special]—Officials of the government dealing with railroads have wondered why the roads in asking for increases confined their demands to freights and have not asked for increases of passenger rates.

The explanation is that freights are constantly increasing in volume, while passenger traffic is standing still or decreasing in some of its most profitable writer class of places.

Railroad men say that automobiles are killing the passenger business. Automobiles are carrying so many persons who formerly traveled by rail that the passenger traffic, save for long and quick journeys, has been confined largely to those who cannot afford motorcars. Of course this is only in a comparative manner of speaking.

As Viewed in the Capital.

A railroad man who has long been stationed in Washington went into details. "Let me tell you something," he said. "Not half the ambassadors and ministers representing foreign governments in Washington went to their summer homes by train this year, but traveled in motorcars. Most of the rich residents of Washington went to the northern resorts in automobiles. Go to the Union station any Saturday and you will not find as many people leaving for the week end holidays as there used to go over one road in days gone by. They go in their motorcars."

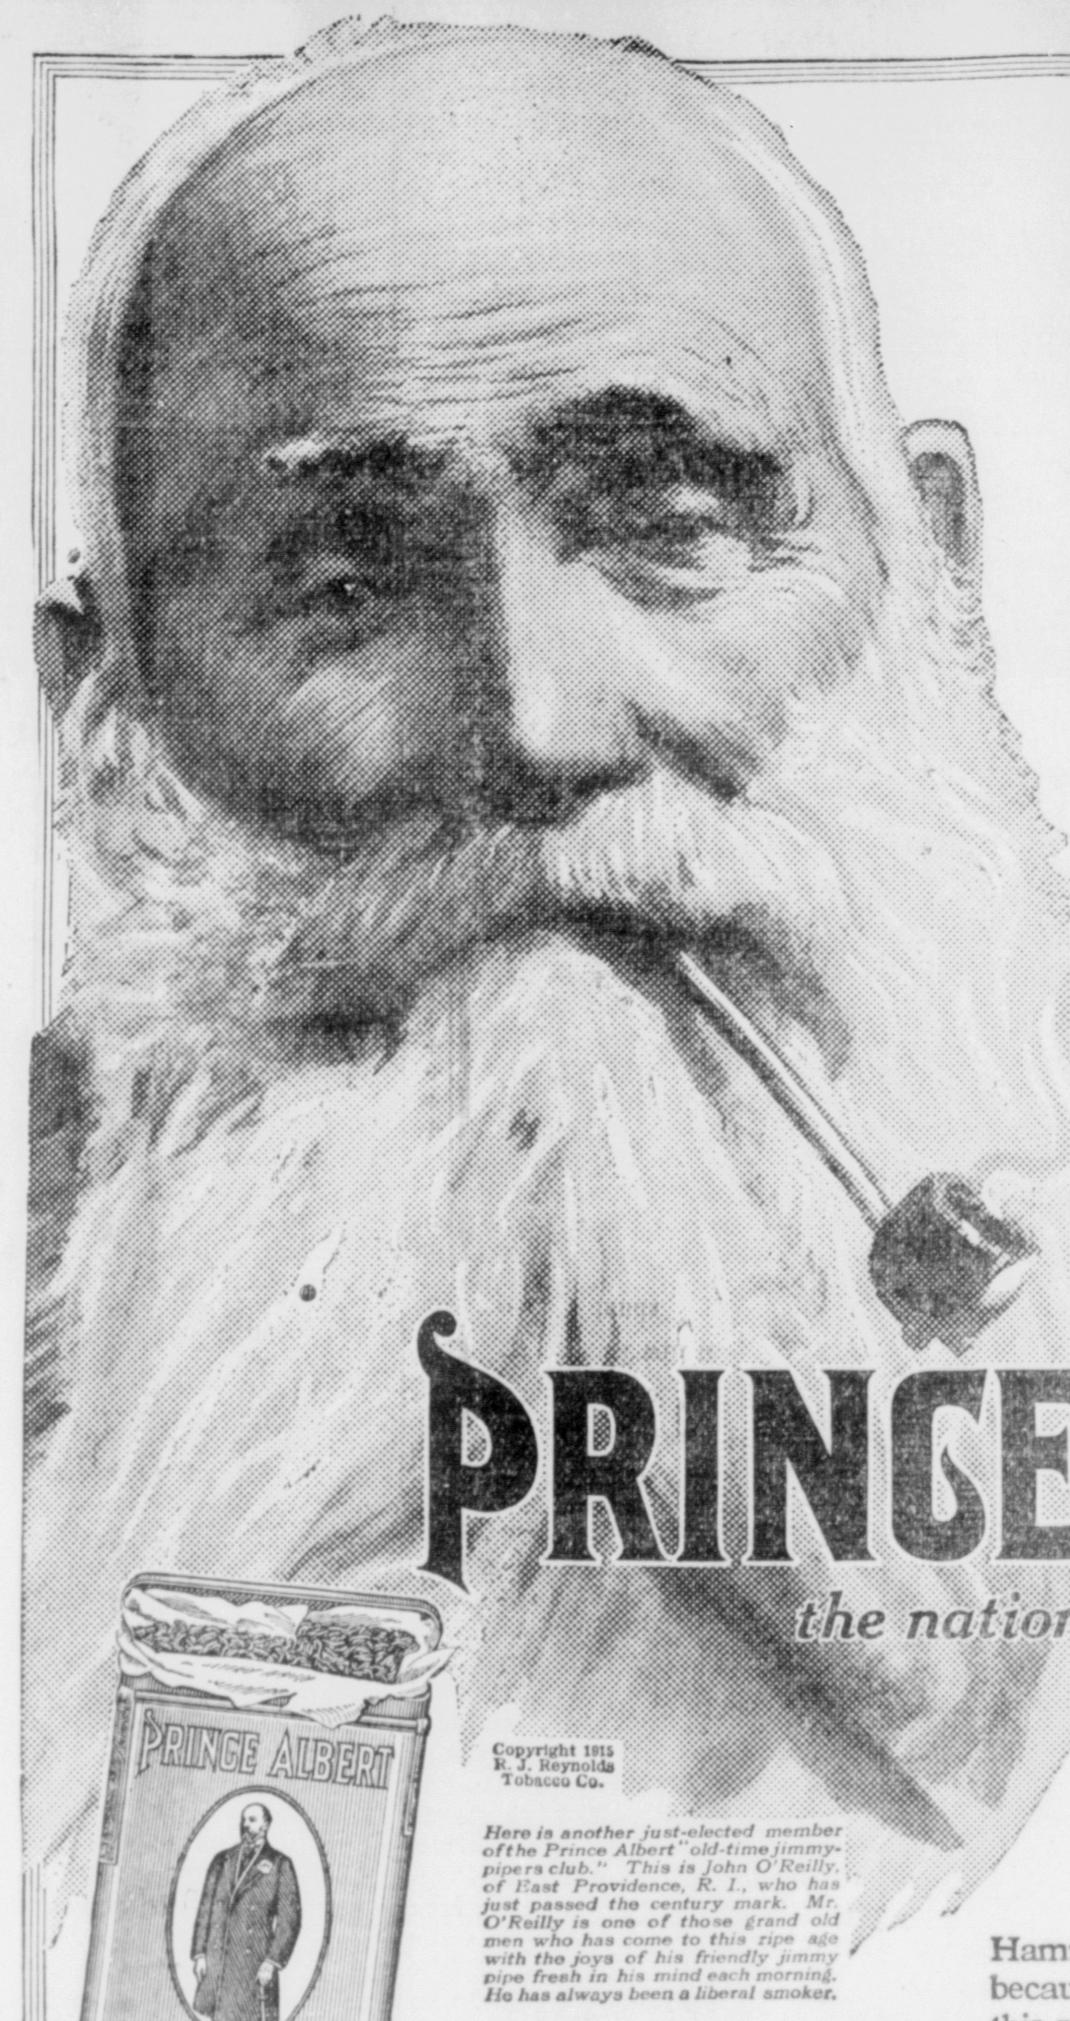

It was a great surprise to that man to find, instead of losing his job, he was to get a promotion which meant a thousand dollars more salary.

Has Some Significance.

From one end of the country to the other it is observed that the most of those men who went out of the Republican party with Colonel Roosevelt, who are influential and who are his closest friends, have not returned to the Republican party. Take such men as George W. Perkins, Victor Murdoch, Governor Johnson and Colonel Cecil Lyon, all men of influence in their states and who are close to the colonel. They are waiting. Occasionally they say, "If I go back into the Republican party," which probably means "if Colonel Roosevelt goes back into the Republican party." The impression grows in some quarters that Roosevelt is looking for the Republican nomination.

Business.

Her Father—You've been calling on my daughter for some time, young man. Why don't you come down to business? Sutor—Very well! How much are you going to leave her? Boston Transcript.

PRINCE ALBERT

the national joy smoke

Copyright 1915
R. J. REYNOLDS
Tobacco Co.

Here is another just-elected member
of the Prince Albert "old-time" jimmy-
pipers club. This is Mr. J. O'Reilly,
of St. Louis Province, R. I., who has
just passed the century mark. Mr.
O'Reilly is one of those grand old
men who has come to this ripe age
with the joys of life in a jolly, jiving
spirit. He carries a Prince Albert
cigarette holder in his mind each morning.
He has always been a liberal smoker.

Prince Albert is sold everywhere because
the demand for it is universal. So wherever
you happen to run short just drop in the
handiest shop that sells tobacco and buy the
toppy red bag for a jitney piece, 5¢, tidy red
tins, 10¢; 15¢; 25¢; 35¢; 50¢; 75¢; 100
tin humdors; and that classy crystal-glass
sound humidor with sponge-moistener top.

You be a sport and take a chance on this
say-so, because you've no idea of the bully
goodness, of the joy's satisfaction, of the
contentment and restfulness and that sort
of thing, that hits every man who gets
chummy with P. A.

Hammer this home for what ails your smokeappetite,
because you've no time to lose getting introduced to
this real and true man-tobacco that's ace-high and a
yard wide no matter how you swing on it, jimmy
pipe or makin's cigarette!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

RURAL TRAGEDY IN IOWA

One Farmer Is Shot Dead and An-
other Charged With Murder.

Fort Dodge, Iowa, Aug. 30.—George Sullivan, a farmer, thirty-three years old, was killed and John Butler, another farmer, is in jail, charged with murder.

The killing aroused the neighborhood and it was with difficulty that a mob was prevented. Coroner Wildman and Sheriff Hohn and deputies worked hard before Butler was lodged in jail. All Butler said for himself was, "I'm sorry I did it."

Sullivan, it is said, was walking with a farmer named Nelson. When on the highway Butler suddenly emerged from a field with a shotgun. It is said he called out: "Haven't I told you to keep off my land," and then shot Sullivan.

Butler returned home, where he gave himself up later. No cause for the shooting is known.

For Sale

Four Eighty acre tracts out
Oak street from five to five and
one half miles from Brainerd.
One half cash. One hundred
and sixty acres in Maple Grove
Township, good brush prairie
and meadow land, will make
a fine stock farm. Call at my
office 220 So. 7th St. if interested
and I will take you out to
see the lands.

House and two lots on South
Side for sale.

FRANK PICTURE STARTS
RIOT IN GEORGIA.

Columbus, Ga., Aug. 30.—Joseph Lee and J. Sokelow, a merchant, and several other men were arrested here after an altercation between Lee and Sokelow resulting from Lee's showing in Sokelow's store a photograph of the body of Leo M. Frank as it hung from a tree near Marietta. According to bystanders, Sokelow attempted to take the photograph away from Lee. The police reported that an attempt was made after the trouble to burn Sokelow's store.

Steamer Sunk at Wharf.

Seattle, Aug. 30.—The steamer Admrial Watson of the Pacific-Alaska Navigation company was rammed here and sunk at its wharf by the steamer Paraiso, which was slightly damaged. The accident was due to a heavy pall of smoke from forest fires overhanging the bay.

Heiress Elopement In Her Auto.
Muskegon, Mich., Aug. 29.—Miss Marva Hills, heiress of the late C. T. Hills, millionaire lumberman, ran away from home in her automobile and was married to Harry D. Root of Grand Rapids. Root is a university student, working in Detroit during the summer vacation.
